Revision Control

History Revision:

Revision Date	*Person Responsible*	*Version Number*	*Modification*
11/29/17	Juan Gabriel Tamayo	1.0	Initial Document; Version number should match the one found in the footer.

Control Class: SendPassengerRequestUIController

Program Specification (Method): `Send Passenger Request`

Input:
```
userID - userID of the user
driverID - driverID of the driver to be requested
schedule - Schedule ID to be requested
requestComment - Text the user sends along with the passenger
```
request

Output:
```
None
```

Program Logic:

```
IF (*, userID, driverID, REQUEST, schedule, *) EXISTS in
DataPassengerRequests

    DISPLAY ErrorMessage("You already have a pending request to
    this driver")

ELSE

    INSERT into DataPassengerRequests (*, userID, driverID,
    REQUEST, schedule, requestComment)
```
